

Danielsen School of Music

STEVE & CHRIS
DANIELSEN

Q *After reading your question last month on whether my son should buy an electric or acoustic he is now excited to buy his first electric and take lessons this summer. Where should I go and how much should I spend?*

A After many years of dealing with different music stores in the area. I use and send all my students to Kurt Thys at Tom Lee Music on Fraser Hwy in Langley. The number is 604-532-8303. He is an incredible musician and an expert at what he does. None of my students have ever come back to me unhappy with their purchase.

There are many price points. Starting from \$200.00 and up. Make sure you go and try a few guitars out to make sure it feels and looks right for you. Check out the neck and make sure the body sits balanced on your lap. If you have any questions give me a call. Otherwise go see Kurt I know he will take care of you...

Music lessons for all ages from 3-100.

GUITAR • VOCALS • BASS • PIANO • DRUMS
