

Danielsen School of Music

STEVE & CHRIS
DANIELSEN

Q *What is a good age to start my child in music?*

You're never too young to be a star. Even before they start an instrument they should learn about rhythm.

A

Rhythm is the foundation of all music. We can all learn guitar chords but if you don't know when to change chords or strum with the beat, it will not sound good.

Our new program (with the next one starting in March) Rug Rats in Rhythm gives your child a foundation in rhythm.

It also focuses them on tapping into their own creativity.

They'll have a great time and learn a lot.

Music lessons for all ages from 3-100.
