212 Degrees

Steve Danielsen & Darcy D

### **Re: Surrey United Soccer Club's 40<sup>th</sup> Anniversary Party**

Thank you Steve & Darcy for such a fabulous night! There is a lot of pressure when you plan these things to make sure you have the right band for the people attending. At this event I knew I would have 19 year olds to 80 year olds attending - and EVERYONE danced. Both our "old timers" and young players were quick to hit the dance floor and stay to the last song. I have heard every day since "where did you find that band they were great!" I know that nobody expected it to be as professional as it was. We could not be happier with your performance. Now I am hearing... "when is the next dance?"

I would not hesitate to recommend 212 Degrees for any type of event.

Thanks again,

Tara Wark
